Thanks much Chris, glad you all were able to join. I'm cc'ing a few folks here who work on topics that are part of the SMM – particularly food waste prevention and packaging. Please keep us looped in as this progresses.

Best,
Howard

Subject: Thank you again for inviting us to tour the crumb rubber facilities

Hi Howard,

I just wanted to say thanks again for inviting us to come along on the tour of the Ex. 3 [CERCLA section 104(e)(7)(42 USC 9604(e)(7))] with your team. It was great meeting everyone and learning about the processes that are involved in producing crumb rubber. It was great to see that the facilities were so open to having us.

I believe I mentioned briefly that we had recently come out with our Sustainable Materials Management Program Strategic Plan for FY17-22, and wanted to share that with you and your group (see attachment).

Best,
Chris Carusiello
